

SNAC PRESENTS THE “CHAIR”ITY EVENT

The Southern Nebraska Arts Council (“SNAC”) took over the Crest Theatre in 2013. Since that time we have installed new windows, replaced the roof, insulated and sided the exterior, installed a hot water heater and a new electrical panel, purchased a digital projector, sound system and screen. With continued community support, fundraisers, and multiple grant applications we are moving on to the next phase of our *Reel to Real Campaign*.

SNAC’s next phase is the remodeling of the cinema’s interior.

Upgrading to new chairs has been the leading request from our movie goers and community members. With help from area businesses and community members, we look forward to making it possible to obtain new chairs. A donation of \$200.00 will purchase a new comfortable, relaxing chair with cup holders. A chair or chairs, can be purchased as a personal or business tax deduction, in memory of a loved one or just for the pure enjoyment of bettering your Cinema experience. By purchasing a chair or chairs, SNAC will place your name, the name of your business or the name of the loved one you're donating in memory of, on a plaque that will be displayed in the lobby. This is a great opportunity to advertise your business and/or honor a loved one. Our goal is to purchase 236 chairs, please consider being an integral part of the Crest Theatre.

We look forward to working with everyone in meeting our goal and providing the community with a Superior experience at the Crest Theatre.

Thank you in advance.
